Preparing for the Exam

AAHAM certification examinations require comprehensive working knowledge of patient account management as they relate to national policies and regulations that govern revenue cycle registration, billing and collection procedures. Hands-on experience is not sufficient; candidates will need to refresh and enhance their knowledge base through independent and group study programs. Coaching sessions sponsored by some local chapters are highly recommended (see www.aaHAM.org or contact your affiliated chapter).

AAHAM provides a downloadable study outline included in the exam fee. A comprehensive Exam Study Manual is available for purchase.

“Due to its recognition throughout our industry, AAHAM Certification is the first giant career step upwards in healthcare.”

-Bernard W. Lane, Jr., CRCE
