Specialist Certification Audience

This exam is intended for revenue cycle staff with responsibilities in patient access, billing, account resolution, denial management, collections, cash posting, customer service, and self-pay collections. The exam focuses on knowledge required in revenue cycle functional areas including registration (front desk), billing, and credit & collections.

Although Specialist Certification is not a pre-requisite for Professional level certification, it is designed as a rung on the AAHAM certification ladder to the Professional certification for those interested in pursuing the next level in their career path.

About the AAHAM CRCS Exams

Exam Overview

The exams are two hour, online, proctored exams that requires working knowledge within focused areas of the revenue cycle, including relevant regulations and acronyms, and comprised of three multiple-choice sections. AAHAM offers two types of Specialist Certification; one focused on the revenue cycle within an institutional (hospital, health system) environment, and the other focused on the revenue cycle in a professional (physician, clinic) environment.

Eligibility

The CRCS-I/CRCS-P exams are available to individuals involved in the management of healthcare patient accounts. Membership in AAHAM is not a requirement, although it is encouraged. One-year employment in the healthcare revenue cycle is recommended to successfully complete the exam.

AAHAM CRCS Sections

Sections included in the exams include:

CRCS-I Sections

1. Patient Access
2. Billing
3. Credit & Collections

CRCS-P Sections

1. Front Desk
2. Billing
3. Credit & Collections

Exam Format

Examinees must initially sit for all three sections, which contain questions in a multiple choice format. Each section of the AAHAM CRCS exam is graded separately and all three sections must be passed with a score of 70% or greater in order to earn the CRCS certification. If only one section is failed, a retake of that section is permitted. If more than one section is failed, a retake of the full exam is required.

Dual Certification

Individuals who currently hold a CRCS-I or CRCS-P certification designation may take an eighty minute exam to obtain dual certification. Both sections of the dual CRCS-I/CRCS-P examination must be successfully passed (70% correct) to earn a dual designation. If both sections are not passed successfully, a retake of both sections must be completed. Upon successful completion, all designees receive a certificate.

Preparing for the Exams

AAHAM certification examinations require hands on working knowledge of patient account management as it relates to national governmental regulations and policies that govern revenue cycle registration, billing and collection procedures. Working experience is not sufficient; candidates will need to enhance and refresh their knowledge through independent and group study programs. Participation in coaching sessions sponsored by your local chapter are highly recommended (see www.aaham.org or contact your affiliated chapter).

A downloadable CRCS-I/CRCS-P study outline is included in the exam fee. AAHAM also offers a comprehensive CRCS-I/CRCS-P exam study manual available for purchase. The manual is written by AAHAM specifically for AAHAM exams, to assist you in studying for the AAHAM CRCS certification. The manual contains a wealth of helpful information for those studying for the exams. The manual's chapters correspond to each section of the exams, with material targeted and geared toward exam questions. It features knowledge checks (practice questions) along the way to help gauge your progress.

“AAHAM certification has been the basic requirement in identifying future leaders in my organization. Getting a executive certification from AAHAM, clearly indicates the competence an individual possesses and tells me that they would definitely help in leading a team to increase the cash flow. If someone can pass the specialist certification exam, it shows me that the person can resolve claims independently.”

Maya Mohan CRCE-I, Director, Healthcare Services
