WEDNESDAY, October 10, 2018
1:30pm - 3:30 PM EDT**

EVERYONE Earns 3 AAHAM CEUs for attending

Join AAHAM and Matt Ellis, VP of Client Services and Jesse Larrison, VP of Managed Care at EnableComp, as we present this timely webinar,

“Workers’ Compensation Billing for Hospitals: 5 Steps to Success”

Workers' Compensation is complex, ever-changing and takes an inordinate amount of time and resources to manage properly. A lack of regulation regarding hospital reimbursement and a highly litigious atmosphere can make any billing manager squeamish when it comes to workers' compensation. This webinar will provide education and best practice tips to hospital billing departments. By considering a few key points, it is not that difficult to tame your workers compensation pay class, and be more profitable in the process.

Three key lessons learned from this webinar:

- Give hospitals a clear understanding of how hospitals struggle with collecting workers' comp revenue.
- Provide hospitals with the insight and key steps to efficiently collect workers compensation revenue
- Discuss the best in class metrics that hospitals should achieve with their organizations workers compensation claims process

Space is limited to the first 100 registrants, register today!

Level of webinar: Beginner/Intermediate

Target audience: - VP of Revenue Cycles, Director of Revenue Cycle, PFS Directors, Managers of Revenue Cycle, PFS Managers

About our speakers:

Jesse Larrison has been involved with nearly every aspect of workers' compensation since 2003 and is an active thought-leader, speaker and policy adviser for the industry. After working in PPO networks at CorVel Corporation, Jesse moved into business

development where he accumulated numerous sales awards by helping insurance companies and employers outsource the management of their work comp business. Jesse eventually took a leadership position at CorVel overseeing all departments from sales, claims administration, nurse case management, medical billing and provider contracting within the state of Tennessee. In 2013, he joined EnableComp to create a Managed Care department, which is now responsible for administering all State and Federal fee schedules, PPO contract management, clinical review, and regulatory management. He received his BS in Physics from Middle Tennessee State University and enjoys volunteering at his church and local charities along with his wife, son and twin daughters.

As a young professional in the healthcare industry, Matt Ellis spent 10 years working in various sectors of healthcare including: Healthcare Management Consulting, Group Purchasing and Revenue Cycle Management. During his time at Quorum, he became a trusted advisor to hospital operators, and assisted them with physician recruiting, strategic planning, managed care contract negotiation and vendor contract negotiations. After 9 years with Quorum Health, Matt joined EnableComp. He spends a majority of his time in the Midwest discussing ways hospitals can capitalize on their Workers' Comp Reimbursement. Matt received his Healthcare Management degree from Southern Illinois University and enjoys playing competitive golf on the weekends.

Any questions for them can be forwarded to aconner@enablecomp.com.
