“Revenue Cycle Management: The Keys to Revenue Cycle Success: Aligning People, Process and Technology”

In this webinar, we will discuss the impact of having the right people in the right function to allow for a high functioning revenue cycle. Ms. Murphy will focus on having clearly defined processes that will result in an optimized and efficient revenue cycle, and how the use of technology is vital to the success of the healthcare revenue cycle. This webinar will also focus on the importance of having definable and measurable key performance indicators to contribute to optimal performance.

Learn how to:

1. Identify the three key areas and how they each create a "moment of truth"
2. Define “Key Performance” Indicators for each area of the Revenue Cycle
