EVERYONE Earns 3 AAHAM CEUs for attending

Join AAHAM, Michael Ford, J.D., Chief Development Officer of Medical Reimbursements of America, as we present this informative webinar,

“Medicare Secondary Payer Regulations as Applicable to Accident Claims”

Historically, Medicare was the primary payer for most Medicare covered services. In 1980, Medicare changed its status from primary to secondary payer in what are commonly referred to as the Medicare Secondary Payer (MSP) provisions. Between 1980 and 2003, the Medicare Secondary Payer provisions were adjusted and refined. The various iterations of the provisions have led to confusion among providers when treating Medicare beneficiaries whose injuries are accident-related. This presentation provides an in depth review of the nuances of the Medicare Secondary Payer provisions to help providers maximize reimbursements and remain compliant with Medicare.

Learn about:

1. Understanding the key differences between “No-Fault” and “Liability” insurance types
2. A history and understanding of what the MSP laws are
3. How MSP laws dictate coordination of benefits in auto related medical bills
4. Understanding of Condition Code 08, Medicare Beneficiary’s Responsibility, what a “Conditional Payment” actually means
5. What to do when you’ve been overpaid

Space is limited to the first 100 registrants, register today!
